COBURN BUYS B POND CAMPS

Capt. E. F. Coburn of the Lakewood Camps, Middleham, Me., has purchased the B Pond Camps, also the Oxford Club House land on Rapid River, and all the fishing rights conveyed by the State to the above association many years ago.

The property at B Pond consists of well built and nicely furnished camps with boats and two rods of land around the pond, also the island on which the camps are located.

The Oxford Club House land, two acres, is about 3 miles down river from Middleham and carries with it the exclusive control of fishing in Rapid River. This is the tenor of the old deed from the State of Maine when the transfer was made. The old Club House is no more and the members of the association sold to the B Pond Camps forty odd years ago. During this time they have occupied the B Pond Camps, fishing both that pond and the river until the organization has dwindled to only two members, John E. Thayer and Col. Henry B. Russell of Boston, who did not care to carry it on further and have disposed of the property as above stated.

It is a valuable addition to the Lakewood Camps as it assures good pond fishing and comfortable quarters to the patrons of these camps.

It may be of interest to look over the record of fish caught at these camps in years gone by. Here they are, showing date, size of party, and number of fish caught:

1888—May 31 to June 7, 3 in party, 132 trout.

1889—May 18-22, 4 in the party, 142 trout. May 23-26, 3 in party, 56 fish.

1890—May 20-22, 4 in party, 51 fish.

1891—No record.

1892—No record.

1893—Gov. Wm. E. Russell of Massachusetts was entertained at the camp, June 2nd. The record reads: "Old Oxford Camp, Rapid River, R. Stuart, occupant, entertained Gov. Russell, E. V. R. Thayer, J. E. Thayer, Col. Peabody, Col. Russell and Hon. John Simpkins of Yarmouth. Also the distinguished party from Waterbury and Newark, N. J., consisting of: Geo. E. Hart, Chas. E. Turner and Wallace Durant." Number of fish caught is not stated.

1894—No record.

1895—May 26 to June 2, 4 in party, 81 trout. A story was written daily and much information spread on the records, viz.: "It seems evident that the best and only fishing spot in the pond was making the journey for, is during the first two weeks after the ice is out. Trout in B Pond will take a fly even if only a small water space is free from ice, and will continue to rise well from the moment there is the first clear water till the pollen begins to fall." "That fishing is poor, is because the trout have stopped rising, not because there are few fish." Just think of this talk when 81 fish were taken in seven days by a party of four! Those 81 trout probably weighed sixty pounds or more.

What would the writer now say if he visited that pond and the party got 81 fish in that length of time? They undoubtedly now, would be termed "fish hogs."

1896—May 13-19, four in party, total catch, 171 trout. Largest fish taken by Bayard Thayer, weighed 2 3/4 lbs. many of the fish weighing 2 1/4 to 2 1/2 lbs. All fish not wanted for camp use, were returned to the water. All caught with fly. Another party, May 28th, says, "got 3 fish near Gull rock, largest, 2 lbs."

1897—No record.

1898—Party of three fished May 17-19, got 88 trout. June 7-10, 3 persons, took 33 trout and returned all that were not fatally injured. Aug. 2 to Sept. 11, 3 were at the camp and 33 trout weighing 62 3/8 pounds.

1899—Camps opened May 14 and in following 4 days 34 fish were taken. In the four days commencing May 21, a party of 3 took 79 trout and 32 were returned. May 29th, 3 fishermen were there but no record of the catch, other than a 7 inch salmon, was taken near Gull Rock. Salmon was put in the year before.

1900—May 17th, party of three, big storm, did not catch a fish. May 25th, 5 fishermen stayed 5 days and got 37 trout, the largest 2 1/2 pounds. Total weight 52 pounds.

1901—May 19th, a party of 5 got 38 trout in 5 days. Largest fish 2 1/2 lbs., also 2 salmon weighing 1 1/2 pounds. May 28, 3 in the party, got 45 trout and 7 salmon. "Many fish were returned." July 28, three fishermen were there to August 13, record shows that 7 lbs. fish were taken. The entry says, "Camp is all right, but few fish."

1902—May 9-15, party of 4 caught 19 trout and a salmon, weighing 3 and 5 1/2 pounds. May 18th, 2 fishermen got 36 trout, the largest 3 pounds, 2 oz. Were in camp a week.

1903—May 13, six in party, 3 days, and got 14 trout, largest 3 pounds, 2 weighed 2 pounds. June 4, Mr. J. E. Thayer records fishing is good, salmon increasing, "those first put in weigh 5 pounds now."

1904—May 15th, party of 7, stayed 5 days, and Mrs. Dutton got 20 trout and 10 salmon. Mr. Lord, 24 trout, and 5 salmon; Mrs. Lord, 15 trout and 5 salmon; Mr. Tenney, 41 trout, 3 salmon; Walter Hill, 25 trout and 12 salmon; and Harry Dutton, 62 trout and 7 salmon. Total catch of party, 238 fish 42 salmon and 196 trout. Commencing May 25th, a party of six, in 7 days, got 76 trout and salmon.

1905—May 7th, 5 in the party, stayed 7 days and record catching 88 trout and 11 salmon. May 11, a party of 4 got, for 10 days, 128 trout and salmon. May 24, party of 4 got, in 4 days, 28 fish.

1906—May 24, 5 in the party, 4 days stay, took 31 fish. May 30, 5 in party, got 62 in 5 days.

1907—Total catch for 4 days, 4 in party, was 36 fish. First week in June, 2 in party, got 5 trout and 5 salmon. July 1, six days, 4 in party, got 15 fish.

1908—May 19th, 4 in party, stayed 7 days, got 30 fish. May 28, 4 in party, got 16 trout and 2 salmon. June 6, 4 days, 3 in party, got 23 trout and 1 salmon.

1909—May 22, 5 in party, got 21 trout. They used the "Leghorn duster." This undoubtedly is what is now known as the "long-tail" or trailer, representing a minnow. June 4—2 persons, in 4 days got 20 trout.

July 8—4 people got 17 fish. Sept. 20, 3 in party, got 5 fish, one salmon caught near Little Gull Rock that weighed 6 lbs. and 6 oz.

1910—May 3-7, 4 in party, 8 fish. May 21-26, 4 in party, 34 trout and 3 salmon. Sept. 19-23, 3 in party, got 6 trout.

Got 4 pound trout from Pond in the River.

1913—June 3-9, 4 in party, got 69 trout. June 27 to July 4, 16 trout and one 5 pound salmon.

WORST FORM OF INDIGESTION

Disappeared Under the Fruit Treatment—"Fruit-a-lives"

People are often amazed when they hear of a case like Mrs. Hammond's. Yet it is the most natural thing in the world to eat plenty of fruit for Indigestion, Dyspepsia and other stomach troubles—and to try and overcome Constipation and Biliousness by eating figs and prunes.

"Fruit-a-lives", made of the intensified juices of apples, oranges, figs and prunes combined with tonics, will relieve stomach and bowel troubles. Mrs. E. C. Hammond, 2185 York St., Groton, N.Y., says: "Last February, I started using 'Fruit-a-lives' for Indigestion and Constipation of the worst kind. 'Fruit-a-lives' entirely relieved me and I would not be without your valuable 'Fruit-a-lives' in the home'."

25c. and 50c. a box—at dealers or sent by Fruit-a-lives Limited, Ogdenburg, N.Y.

Electric Cookery is Better Cookery

My Meals Are Always Ready

"Jim will be here in a few minutes now, and thanks to my electric range, dinner is ready."

"Getting meals on time doesn't worry me any more."

"I can come home from a morning's shopping or an afternoon of bridge, turn the switch of my electric range and in a very short time have my meal cooked and on the table."

"With no wood or coal to carry, no fire to build or coax along, I no longer dread getting meals."

"Then, too, I get better results in cooking day after day. Because the heat is steady and even, I don't have to watch things in the oven every few minutes to see that they do not burn or under cook."

"I never before realized the comfort and convenience an electric range can give."

A Range for Every Home

Come into our store and look over our complete line of ranges. Among them you will find a range that just suits your needs. We shall be glad to tell you more about the advantages of the electric range and why it is 1-3 cheaper to cook electrically than any other method.

Banish the Hand Pump Use a DURO Water System

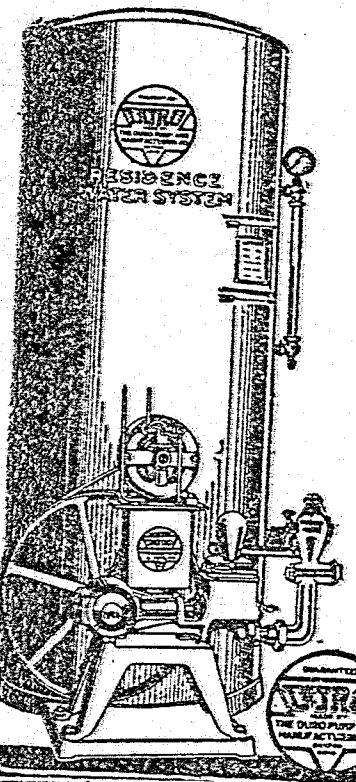

In primitive countries woman is regarded somewhat as a beast of burden. She is subjected to all sorts of drudgery, does practically all the work, and her lot is hard and discouraging. This custom is rightfully regarded as inhuman and uncivilized.

Yet thousands of women in this country today are shackled to the old-fashioned hand pump. In many cases they carry the water considerable distances after pumping it. The amount of time and energy lost is incalculable.

DURO Water Systems

"Just Like City Water Service"

have liberated thousands of women, and men, from the grinding toil of pumping and carrying water. They have brought comfort, cleanliness and health where drudgery, dirt and disease prevailed before.

Duro systems give you all the conveniences of city water service. Running water under pressure in kitchen, bathroom, toilet, garden and barn is at your service.

Compact, powerful, and automatic—a Duro system is easily installed in old or new homes and costs less than 1c a day to operate. Driven by either electric motor or gasoline engine.

Duro Systems are made in many sizes and styles. Ask us for an estimate of cost

SAYS KARNAK OFFERS HEALTH TO MILLIONS

Thousands of People Throughout the State are Now Praising the Sensational New Medicine For Benefits Received From Its Use.

Thousands of prominent people throughout the State are now praising the sensational new medicine Karnak. The demand for the preparation has extended all previous records, and as new tests of its powers are made, hundreds more are daily adding their indorsements to the thousands already given it.

In explaining the phenomenal success of the medicine, Mr. H. C. Thorburn, President of Standard Drug Products, Inc., recently said:

"Before we secured the distribution rights for Karnak in this country we knew that it was a wonderful health-builder and were convinced that it would restore millions of people to the joys of health. Now the public has proved this for itself and people everywhere flock to the drug stores to get it and report benefits from its use that far surpass even their fondest hopes."

"You can tell after the first few doses of Karnak that you are being benefitted in a natural, substantial way. These substantial benefits form the fundamental reason for the medicine's unprecedented success."

Mr. Thorburn briefly quoted M. Andre's theories on health and right living as follows:

"Poor health is an unnatural condition. Nature is always working to restore us and with the proper assistance will succeed. 'Millions of people drag through life feeling well only half the time, or weak, sick and miserable day after day with hardly enough strength to keep up, and not knowing where to turn for relief. They are victims of auto-intoxication and mal-nutrition. The vital organs are failing to do their work. The system is being poisoned with impurities that tear down the health, waste the strength and irritate the nerves. The vitality is being destroyed and their lives needlessly shortened.'"

"To all such people Karnak has proved a blessing."

"M. Andre's aim was to perfect a medicine that would embody all the corrective forces of Nature itself. How well he succeeded is shown by the thousands who are praising the new medicine everywhere it has been introduced."

"It is not unusual for people to say that Karnak has relieved them of troubles that had defied all other treatments for years. That is because Karnak helps the entire system regain its lost vitality, strength and resiliency and enables nature to reassert itself."

Karnak is sold in Norway by Frank P. Stone; and by the leading druggist in every town.

Sept. 9, 10, 11

The above dates are the ones when the Oxford County fair will be held.

We always look forward to the fair as a time when we may renew old friendship. Strange to say, people call on us year after year, some buy clothing and some do not. However, we want them to call just the same and really insist on their calling.

In regards to buying—probably the ones that bought suits last year will not buy this year, if we can't sell a suit that will go two seasons we don't want to sell them.

Remember that our store will be full of good clothing, we want you to call and we want you to buy if you want to, and if you don't want to buy, we don't want you to. Our prices will be right and QUALITY the best and if you can buy the same quality goods elsewhere at a lower price, we want you to do so. We would ourselves.
